

Product Retirement Notification

Synrad Flyer 3D Scan Head Retirement

Novanta is retiring production of the Synrad Flyer 3D Scan Head. Retirement notifications were originally distributed in May 2021 and final Synrad Flyer 3D orders were to be placed before 31 December 2021. **Novanta has decided to extend this final order date by six months to 30 June 2022.** Novanta will continue servicing and supporting these products for 2 years after the retirement date, or until 30 June 2024.

A replacement scan head for the Synrad Flyer 3D is currently in design. Please contact your local Novanta account manager if you are interested in the replacement product, or if you have any questions about the Synrad Flyer 3D scan head retirement.
